

BREAST CANCER AWARENESS MONTH SERIES #1:

## Breast Cancer Prevention High-Risk Screening and Survivorship

**Wednesday, October 13, 2021**

12 – 1 p.m.

### Target Audience

Referring doctors and all other interested care staff are welcome.

### Learning Objectives

- Recognize the most common risk factors for breast cancer.
- Identify women at high risk for breast cancer warranting supplemental screening.
- Differentiate women at sufficient risk for consideration of risk reducing strategies for breast cancer prevention.
- Demonstrate understanding of current breast cancer survivorship, treatment side effects and supportive care to improve quality of life and health promotion.
