

Cholangioscopy: Seeing Is Believing

Demystifying indeterminate biliary strictures and diagnosing cholangiocarcinoma (bile duct cancer) early.

Wednesday, January 19, 2022

12 – 1 p.m.

Target Audience

Primary care physicians, gastroenterologists, hepatologists, surgical and medical oncologists, hepatopancreaticobiliary surgeons, liver transplant surgeons, general surgeons, interventional radiologists, body and diagnostic radiologists, and all other care staff are welcome.

Learning Objectives

- Identify patients who would benefit from early cholangioscopy.
- Review the current literature on the performance characteristics of cholangioscopy.
- Review the advances in the endoscopic management of primary sclerosing cholangitis (PSC).

Sooraj Tejaswi, M.D.
