

Interventional Pulmonology Advanced Diagnostics and Treatments

Wednesday, October 5, 2022

12 – 1 p.m.

Heba Ismail, M.D.

California Pacific Medical Center

Target Audience

Primary care physicians, oncologists, thoracic surgeons, pulmonologists, advanced practice clinicians and all interested care staff are welcome.

Learning Objectives

- Demonstrate why interventional pulmonology is a growing and evolving field.
- Identify interventional pulmonology's role in early detection of lung cancer.
- Highlight recent advances and approaches to the management of lung diseases using robotic bronchoscopy.
- Discuss management of advanced lung cancer.
